infocentre/articles/quantumcomputing_sm.jpginfocentre/articles/quantumcomputing.xmlShaun Morgan This rather cryptic title is entirely appropriate for this month's article because we're going to dip a toe into the surreal world of quantum computing. I must add at the outset that such toe-dipping requires considerable courage – on the part of both reader and writer.

infocentre/articles/keepsecretsafe_sm.jpginfocentre/articles/keepsecretsafe.xmlBruce McGregor, Director Having recently been in the unfortunate situation of having lost my wallet I have, as a consequence, had to go through the process of replacing all my Bank Cards. During this unavoidable 'refresh' process I was presented with both the requirement and the opportunity to change and update associated PIN numbers and passwords. Want to know more?
